## Documentation PDF Package Index

---

Generated: 2026-07-13T16:03:17.501Z

This index lists the academic-professional PDF package generated from the repository documentation, reports, Postman verification assets and UML diagrams.

### Summary

- Total PDFs generated: 37
- Markdown documents converted: 30
- PlantUML diagrams converted: 6
- Generated Postman summary PDFs: 1

## 00Root

| Document | Source                 | PDF                            |
|----------|------------------------|--------------------------------|
| README   | <code>README.md</code> | <code>00Root/README.pdf</code> |

## 01Definition

| Document           | Source                                          | PDF                                              |
|--------------------|-------------------------------------------------|--------------------------------------------------|
| Project Definition | <code>01Definition/project-definition.md</code> | <code>01Definition/project-definition.pdf</code> |

## 02Requirements

| Document     | Source                                      | PDF                                          |
|--------------|---------------------------------------------|----------------------------------------------|
| Requirements | <code>02Requirements/requirements.md</code> | <code>02Requirements/requirements.pdf</code> |

## 03Documentation

| Document                       | Source                                                         | PDF                                                             |
|--------------------------------|----------------------------------------------------------------|-----------------------------------------------------------------|
| Api Documentation              | <code>03Documentation/api-documentation.md</code>              | <code>03Documentation/api-documentation.pdf</code>              |
| Api Validation Report          | <code>03Documentation/api-validation-report.md</code>          | <code>03Documentation/api-validation-report.pdf</code>          |
| Architecture                   | <code>03Documentation/architecture.md</code>                   | <code>03Documentation/architecture.pdf</code>                   |
| Aws Deployment Guide           | <code>03Documentation/aws-deployment-guide.md</code>           | <code>03Documentation/aws-deployment-guide.pdf</code>           |
| Business Rules Api Test Report | <code>03Documentation/business-rules-api-test-report.md</code> | <code>03Documentation/business-rules-api-test-report.pdf</code> |
| Cache Management               | <code>03Documentation/cache-management.md</code>               | <code>03Documentation/cache-management.pdf</code>               |
| Clean Code Solid               | <code>03Documentation/clean-code-solid.md</code>               | <code>03Documentation/clean-code-solid.pdf</code>               |

| Document                                  | Source                                                                       | PDF                                                                           |
